1. Welcome Messages

1. Welcome Messages

1.1 FISU President

Dear friends,

On behalf of the International University Sports Federation (FISU), I am honored to extend a warm welcome to the representatives of all nations coming to Taipei City in August 2017 for the 29th edition of the Summer Universiade.

This will be the largest international sporting event Chinese Taipei has ever hosted and promises to be an experience that will live long in the hearts of everyone involved. Taipei City is a city of youth, vitality, health, passion and friendliness. Furthermore, Chinese Taipei has dreamed about hosting a Universiade for well over a decade. Its time has now arrived and I am certain that this Universiade will not only inspire those of us lucky enough to be directly involved but also capture the imagination of the city's wider population, young and old, male and female, and elevate the city's sporting culture to an even higher level.

More than 7,000 student athletes across 22 sports will come together from across the globe to enjoy an atmosphere of fair play and friendship, as they pursue excellence in mind, body and lifestyle. FISU's vision is to create a world where every leader in society has been positively influenced by their experience of University sport. The Universiade is our greatest asset in reaching out to the students of the world, engaging them in sport and thereby helping them to become tomorrow's leaders.

And perhaps tomorrow's leaders are among those who will be competing, officiating, working, volunteering or supporting at this Summer Universiade. It is important you all get the most from your experience here in Taipei City

and this *Technical Handbook* is designed to help you achieve this.

The Guide is the collaborative work of the Taipei City 2017 Organizing Committee and FISU's teams in Brussels and Lausanne, so thank you to everyone involved in its production and for your continued and excellent work in preparing for Taipei City 2017.

I would also like to thank all our partners and stakeholders for their enthusiastic and dedicated support of the event.

On behalf of the FISU family, I wish you the very best for a successful Summer Universiade. I look forward to your arrival in August 2017 and to celebrating the atmosphere of an international multi-sport event hosted in the University spirit.

Kindest regards

Oleg Matytsin
FISU President

1.2 Organizing Committee Chairperson

Dear participants of the Taipei 2017 Summer Universiade,

On behalf of the Taipei 2017 Summer Universiade Organizing Committee, I would like to extend our warmest welcome to all the athletes and delegates. Welcome to Taipei!

The Taipei 2017 Summer Universiade will be a showcase of youthful vitality and a celebration of sport that will make the dreams of youth come true. With guidance and assistance from the International University Sports Federation (FISU) we have completed thousands of preparatory tasks over the past six years. We have prepared a stage for you - athletes from all over the world - to show us your best. Taipei offers friendship, passion and vitality to the world in order to host a competition that will live on in the memory of all participants.

Taipei is a window onto Taiwanese culture. Taiwan is an island in the heart of Asia. Being surrounded by the sea has given us the courage to face challenges and fostered a spirit of adventure. Through history, Taiwan has been a melting pot for indigenous, Chinese, Japanese and many other cultures, giving rise to the rich and unique culture of today. In the summer of 2017, our world-class sporting arenas, staff, volunteers, and spectators will all participants with warm and open hearts.

Taipei has much to offer: world-famous Taiwanese cuisine, important historical sites, the safest tourist environment in the world, a convenient transport network, friendly and hospitable people, modern and fashionable shopping centres, and unique culture and scenery.

The Organizing Committee has prepared comfortable accommodation for participants. As the most important city in the international information industry, Taipei has one of the earliest and best citywide WiFi networks in

the world. The AthletesVillage and competition venues for overseas athletes provide excellent wireless coverage to enable you to stay in touch with people back home. In addition, we have also arranged interesting tours and cultural events so that you may explore Taipei culture, food and history, and experience our uniquely passionate, cultural and technological city.

Since I became Chairperson of the Taipei 2017 Summer Universiade, my team and I have worked hard to turn everyone's dreams into reality. Taipei is now ready to welcome the world with open arms. I would like to thank FISU and all our competitors for your support. We couldn't have done this without you. And to all the young athletes here today: I hope you set a new personal best here in Taipei. Enjoy the Taipei 2017 Summer Universiade and make memories you can cherish for the rest of your life!

4. General Information

4. General Information

4.1 Chinese Taipei

Geographical Overview

Taiwan is located at the southeast of the Asian continent, between East and Southeast Asia island arcs on the west coast of the Pacific Ocean. The north is close to Japan and Ryukyu Islands, and the south connects to Philippines. It is an important hub to travel back and forth everywhere in Asia. The land area is about 36,188 square kilometers and the length from north to south is about 395 kilometers. It is a long and narrow island in the north and south. Taiwan is located between Eurasia plate and Philippine Sea plate, so the complex and various landscapes in Taiwan are formed, having mountains, hills, plains, basins, islands, ranges, coasts, and other landscapes.

Climate

Taiwan is located in a subtropical area, and it is warm the whole year. The four seasons here are all like spring because the average temperature is 22 degrees. Because the summer is influenced by southwest monsoon and the winter is influenced by northeast monsoon, the plum rain season is in May and June, and the typhoons happen from July to September, abundant rain is brought to Taiwan and the average rainfall per year is 2,515 cm.

Population, Ethnic Group, and Language

Population: about 23.51 million people (October 2016)

Ethnic group: The groups in Taiwan are mainly Taiwanese, Hakka people, Taiwanese aborigines, and mainlanders.

Language: The official language in Taiwan is Mandarin, and there are also Taiwanese, Hakka, and Austronesian language used by aborigines.

Brief introduction of Taipei City

Taipei City is located at the Taipei Basin, north of Taiwan, and it is surrounded by New Taipei City. The population in Taipei City is about 2,696,319 (October 2016) and the total area is 271.7797 square kilometers. The density of the population is number one in Taiwan, and is the political, economic, and cultural center of Taiwan.

Taipei became the first special municipality of Taiwan in 1967, and the flourish of economy and international trades for many years has made Taipei the political, financial, transportation, and cultural center of Taiwan. The industrial structure is mainly the secondary industries and tertiary industries, and especially the tertiary has the largest working population. When facing the trend of integrating global economy areas in the future, Taipei City will enhance the development of finance, media, telecommunication, and other industries in order to grow to be an internationalized city. Moreover, Taipei City has abundant and developed traffic network, including MRT system, bus, railway system, airport, and others, which is modern city with complete functions, sound equipment, and prosperous economy.

The status of the religions in Taipei City is basically the same as that in Taiwan, which are mainly Buddhism and Taoism. There are many famous temples in Taipei City, such as Zhinan Temple, Guandu Temple, Longshan Temple, and others. Moreover, the number of Christian and Islam believers in Taipei City is the greatest in Taiwan, which means there is a diverse and flourishing religious culture.

The traveling culture in Taipei is very popular. There is the National Palace Museum that has an abundant collection, Taipei 101, the highest building in Taiwan, or the night markets that have many local features are all the famous tourist spots in Taipei City. The convenient and dense transportation network can take travelers to all the spots quickly, and Worldwide Index of Global Destination Cities 2014 rated Taipei as number six among the best Global Destination Cities in Asia-Pacific and only second to Hong Kong in Greater China, showing that Taipei has gradually become a great potential popular destination city in Asia-Pacific.

Classification of Teams

The ranking of teams is determined on the basis of matches won and lost.

PRELIMINARY ROUND:

The ranking of teams is determined by the number of points obtained by each team of the same pool, in accordance with the following paragraphs:

The following points will be awarded per match to each team:	
Match won 3-0; 3-1	3 points
Match won 3-2	2 points
Match lost 2-3	1 point
Match lost 0-3; 1-3	0 point
Match forfeited	0 points (25-0; 25-0; 25-0)

IN THE CASE OF EQUAL POINTS (FIVB Sports Regulations, May 15, 2015)

8.3 IN THE CASE OF EQUAL POINTS

8.3.1 Number of Victories = In case of equality of ranking points gained by two or more teams, they will be classified in descending order by the number of matches won.

8.3.2 Set quotient = In the case of equality in the number of matches won by two or several teams, they will be classified in descending order by the quotient resulting from the division of the number of all sets won by the number of all sets lost.

8.3.3 Points quotient = If the tie persists as per the set quotient (8.3.2) the teams will be classified in descending order by the quotient resulting from the division of all points scored by the total of points lost during all sets.

8.3.4 If the continues as per the point quotient (8.3.3) between two teams, the priority will be given to the team which won the last match between them. When the tie in point quotient is between three or more teams, a new classification of these teams in the terms of 8.3.1 8.3.2 and 8.3.3 will be made taking into consideration only the matches in which they were opposed to each other.

- one (1) or, if designated, more FISU Technical Delegate(s) who will chair the CT (who shall be a member/members of the CTI-UE for the sport concerned);
 - one (1) representative of the Organizing Committee for the sport concerned;
 - the Technical Delegate of the appropriate NSF of the organizing country;
 - the Technical Delegate of the appropriate ISF;
 - additional experts who may be appointed to assist the Technical Committee as appropriate.

The Technical Committee will be assisted in its work by adequate personnel.

The Organizing Committee shall appoint one administrative secretary to the Technical Committee who shall take the minutes of all meetings.

No more than two (2) members of the CT should be of the same nationality, not including the FISU Technical Delegate(s).

- 3.5.2 During the days prior to the start of the sports events for which s/he is responsible for, the FISU Technical Delegate(s) shall convene the following meetings:
- the meeting of the Technical Committee, which the staff members of the Organizing Committee for the sport concerned may also attend as observers;
 - the first (1st) General Technical Meeting, to which the members of the Technical Committee and a representative from each country competing in the sport concerned shall be invited.
- 3.5.3 The first (1st) meeting of the Technical Committee shall:
- prepare the first (1st) General Technical Meeting;
 - define the criteria to set up a jury of appeal (if appropriate according to the rules and regulations of the ISF);
 - decide on the appointment system for technical officials (TOs);
 - approve the detailed program for their sport;

e) propose the nomination of additional experts to assist the Technical Committee as appropriate.

3.5.4. The first (1st) General Technical Meeting must:

- a) approve the daily timetable for their sports;
- b) appoint a jury of appeal, if appropriate, according to the rules of the ISF of the sport concerned.
- c) take, if necessary, the emergency measures in order to ensure the smooth technical running of the events;
- d) confirm the official list of the competitors who will take part in the competitions. The Head of Delegation or his/her representative shall confirm the attendance of their country's athletes for the sport concerned by signing the said list and, if required, by filling in an entry form. No changes shall be made to the list after the General Technical Meeting.

Exceptions shall only be permitted if stated in the technical regulations of the sport concerned.

This entry form shall contain the accreditation card number attributed to the participant by the CIC, the given name, the family name and the competitor's number.

The competitors that are not approved by the CIC will not be authorised to take part in the competition.

3.5.5 The Technical Committee is responsible for determining the appointment system of technical officials for each competition.

6.9 Technical Officials

Technical officials shall be appointed in accordance with the *Regulations for the 29th Summer Universiade 2017 Taipei City - Chinese Taipei*:

12.13.8 Nomination

All international referees are nominated by FIVB. Participating teams must pay an ITO contribution fee to the Organizing Committee in order to cover the cost (travel, accommodation, full board and a per-diem according to the FISU-FIVB partnership agreement) of the international referees from FIVB according to the pro-rata of teams registered.

The ITO contribution fee for Volleyball is EUR 1,900 per team and will be deducted from the team sports deposit.

In addition, FIVB in collaboration with the OC and the NSF will nominate Technical Sub-Committees for Volleyball Referees and Volleyball Jurors. Travel expenses, full board, accommodation and a per diem for the members of these committees are to be borne by the Organizing Committee.

The OC and the NSF will appoint NTOs to complement the team of technical officials required for Volleyball.

12.13.9 Number of Technical Officials

- Sixteen (16) FIVB International Referees or International Referee Candidates for the Women's Tournament
- Twenty-four (24) FIVB International Referees or International Referee Candidates for the Men's Tournament
- Technical Sub-Committee for Volleyball Referees and Volleyball Jurors as agreed between the OC and the FISU TDs

The number of NTOs shall be agreed between the OC and the FISU TDs.

6.10 Protest and Appeals

Protest and Appeals shall be conducted in accordance with the *Regulations for the 29th Summer Universiade 2017 Taipei City - Chinese Taipei*:

11.2 Any protest of a sport or disciplinary nature must reach the Jury or other competent authority, by the Head of Delegation or his / her representative, according to the regulations laid down by the appropriate ISF.

11.3 Unless otherwise stated by the technical regulations of the sport concerned (cf. Art. 12), this protest must be submitted in writing and accompanied by a deposit of fifty Euros (50€) which will be returned if the protest is considered justified.

11.4 Any decision of the Jury of Appeal or equivalent authority of a sport is final and must be reported immediately to the Head of Delegation of the country concerned.

Any disciplinary situation, which cannot be satisfactorily resolved by the sports technical committees and the sport-specific disciplinary

regulations, will be reported to the FISU Disciplinary Committee for further action to be taken.

Where appropriate, a report will also be sent to the ISF concerned.

6.12 Doping Control

Clothing

The playing uniform must be in conformance with Annex A, FIVB Sports Regulations available at the following web page: <http://www.fivb.org>. Each team must have two available sets of playing uniforms (Although three sets may be used) each one of a different colour. One set of uniforms must have a jersey (shirt) which is 75% white and the other set(s) must be of different dark colours. The player shirt numbers must be the same.

General Information

Doping Control will begin from the opening date of the Athletes Village and last until the end of the Universiade. Participating athletes must abide by the relevant regulations and follow given guidelines when they have been selected and notified for testing. Any athlete who refuses to undergo testing, or interferes with the testing process, will be considered to have committed a doping violation and be subject to disciplinary action.

Doping Control Station (DCS)

Doping control stations are designed in accordance with WADA and FISU reg-

ulations. Samples for testing are collected in the Doping Control Station of each competition venue and can be collected at the Doping Control Center (Doping Control Station) located within the Athletes Village.

Athlete Selection

The FISU Medical Committee will select athletes based on rank in a competition, at random and will do target testing.

Accompanying Persons

Athletes may be accompanied by an additional person (coach, trainer, team doctor, etc.) and an interpreter if desired.

Reporting to Doping Control Station

The athlete must report to the doping control station in a reasonable amount of time from selection. The athlete will be allowed to attend ceremonies, press conference, etc., as long as they are accompanied by their chaperon.

Sample Collection

Athletes selected for testing will be notified immediately following the competition and will be under constant visual observation by a chaperon until they enter the Doping Control Station. At the station, sample (urine and/or blood) will be collected in a vessel, then sealed and submitted for transportation to the WADA approved laboratory under the supervision of a Doping Control Officer.

Athletes Obligation

The athlete must have their Accreditation with them at all times. The athlete must report all medications taken in the prior month. The athlete must present their TUE Document if he/she has one.

Testing Organization & Result

Collected samples will be analysed usually within 48 or 72 hours of collection at a WADA-accredited laboratory Tokyo, Japan, Mitsubishi Chemical Medience and results will be directly notified to the FISU Medical Chair. Athletes who test positive for banned drugs and fail the doping test may be subject to disqualification and disciplinary action.

Additional Controls Requested

A team may request for doping control tests to be performed on an athlete

who has not been selected for doping control.

Examples of indications for this request are for National Records, or Target Testing. These athletes have to complete the FISU Doping Control Request Form. They will then be escorted to the Doping Control Station. Costs for these tests will be the responsibility of the requesting organization. Results management for these tests will be the responsibility of FISU and the appropriate International Federation.
